# WHAT TO EXPECT

This weekend we will be sharing in music, laughter and friendship.

Please join us! We promise you'll be very glad you did!

Our guest minister, Dulcie Shepherdson, is a retired teacher who specialized in reaching students who many felt were unreachable. She was able to reach children who had never had trusting relationships. She recently went on a World Accord trip to Guatemala where she was able to share with women who had changed their own lives and the lives of others in their communities with the help of World Accord. She will share her experience with us.
